

“Attorney’s Providing Limited Scope Services”

Attorneys provide a broad range of services when representing a client. They give advice about legal rights, prepare legal documents, negotiate on behalf of clients and make court appearances. There are a growing number of local attorneys who are willing to split up these services to make them more affordable to the consumer. This allows you to hire an attorney for the sole purpose of providing one service. This practice is known as providing limited scope services. You may click on an individual attorneys name or click view all attorneys.
